## INSTRUCTION OF USE

### GETTING THE RIGHT FIT?

**1**

Remove existing insole from footwear (if possible).

**2**

Check size, and **IF NECESSARY**, trim insoles for a better fit.

**3**

Place MEGACOMFORT insole into footwear, **YELLOW SIDE DOWN**.

### CLEANING YOUR INSOLES?

All insoles are machine washable and dryable. Including the MultiThotic Plastic attachments. Recommended - wash on a monthly basis

### HOW LONG DOES IT LAST?

On average about 6-9 months. However, some individuals will wear the insoles quicker than others based on body weight, activity and perspiration level

### CHECK BEFORE CHOOSING THE RIGHT MEGACOMFORT INSOLE
