INSTRUCTION OF USE

GETTING THE RIGHT FIT?

1. Remove existing insole from footwear (if possible).
2. Check size, and IF NECESSARY, trim insoles for a better fit.
3. Place MEGAComfort insole into footwear, YELLOW SIDE DOWN.

CLEANING YOUR INSOLES?
All insoles are machine washable and dryable. Including the MultiThotic Plastic attachments. Recommended - wash on a monthly basis

HOW LONG DOES IT LAST?
On average about 6-9 months. However, some individuals will wear the insoles quicker than others based on body weight, activity and perspiration level
